

Dear guests!

Now the time has come, from Monday May 18th, 2020 we welcome the first guests!

There are still a few important tips that we have to share with you that are required by the Corona Camping and Gastronomy Ordinance.

Persons who have had contact with a corona infected person in the past 14 days or who have signs of illness with Covid 19 or who have a fever are not allowed to visit our place.

Please also comply with the necessary and known distance and hygiene rules at our campsite. We will inform you of the rules that we require with signs and orally. If you do not follow the distance rules, or do not want to follow the instructions of our employees, we have to show you off the pitch.

If you take a seat with us on the terrace or in the restaurant, there are contact forms that you can fill out. In this way, a possible infection chain can be tracked. From **May 18th, 2020**, we can welcome our **permanent campers** back on the pitch - **but with the condition that they are self-sufficient in their car** - according to the current status, our sanitary facilities and the cooking / rinsing area must still be closed. Of course, under these conditions, guests with mobile homes or a complete supply structure in the caravan can also arrive from May 18th, 2020.

From **May 29th, 2020** we (as of May 8th, 2020) will be there for you again with the **sanitary facilities** open and look forward to spending the Whitsun days with you.

Of course, we have already prepared everything to enable operation in accordance with the applicable **hygiene regulations** and **distance regulations**. Our reception and the bar as well as the coffee counter are protected, the sanitary facilities are expanded.

We will provide you with food and drinks, also here according to the applicable guidelines.

Bread delivery service is still possible on order.

As soon as new easing comes into force, we will inform you and of course react here on site!

Our local tourist partners, the Affenberg Salem, Salem Castle, the island of Mainau, Lake Constance shipping and of course the restaurateurs are happy with us and are there for you!

We look forward to seeing you soon!!

With best wishes, yours the family Gern

Date: 15.05.2020 / Errors and changes excepted!
